

# GUIDE TO VINYL BANNERS

## MATERIALS & FINISHING STYLES

### VINYL MATERIALS

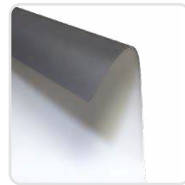

18oz **BLOCKOUT VINYL**

13oz **SCRIM VINYL**

9oz **MESH VINYL**

12oz **GRAY BACK VINYL**

#### 18oz **BLOCKOUT VINYL**

Our 18oz Blockout Banner is our thickest, most durable banner material we offer. It is great for indoor and outdoor use. It is available in single or double sided print and is commonly used for street pole banners.

#### 13oz **SCRIM VINYL**

Our 13oz Scrim Banner is designed to be lightweight and versatile. It is great for indoor and outdoor use. Available in single sided print, it is our most popular banner material.

#### 9oz **MESH VINYL**

Our premium 9oz Mesh Vinyl is a heavy duty mesh material used for windy areas. The 80/20 mesh weave minimizes wind resistance and allows air to pass through the material. It's available in single sided and is commonly used for fence or building wraps.

#### 12oz **GRAY BACK VINYL**

Our 12oz Gray Back Vinyl has a super smooth print surface which makes it the ideal material for high resolution printing. It is available single sided and is typically used with our indoor banner stands such as Retractable and X-Banner Stands.

### FINISHING OPTIONS
